**WALTHAM SYMPHONY ORCHESTRA PRESENTS**  
**"MASTERS OF MELODY" ON MAY 11, 2013**

On Saturday, May 11 at 8:00 PM, the Waltham Symphony Orchestra, led by Patrick Botti, celebrates Mothers' Day with a romantic program showcasing some of the loveliest works of Pyotr Ilyich Tchaikovsky and Victor Herbert, as well as the exciting presence of acclaimed cellist, Allison Eldredge.

During the first half of the program, Ms. Eldredge will be featured soloist in Tchaikovsky's "Andante Cantabile for cello solo and strings" and Herbert's Second Cello Concerto. The second part of the concert focuses on a 4-movement symphony, Tchaikovsky's Fourth.

Ms. Eldredge, called a "musician of remarkable gifts" by the *Chicago Tribune*, has performed with noted conductors and major orchestras all around the world. Describing the excitement of his orchestra, Maestro Botti stated, "We are simply thrilled to have this veteran soloist, chamber musician, and recording artist—one of the most versatile artists of her generation—joining us on stage for our last scheduled concert of the season."

Also joining the orchestra for the first time is young violinist and Waltham resident, Alexandra Taylor. A member of the Waltham High School Orchestra, Alexandra was the winner of auditions to play in the string section for this concert. In keeping with its mission of youth education and outreach, Maestro Botti hopes families will attend so people of all ages may experience and enjoy world-class music right in the heart of Waltham.

The concert takes place at the Kennedy Middle School on Lexington Street in Waltham. Admission is free, although donations will, of course, be gratefully accepted at the door.

Detailed biographies of Ms. Eldredge and Maestro Botti, and additional information about the orchestra, can be found on the symphony website, [www.walthamsymphony.org](http://www.walthamsymphony.org).

**OUR LADY'S ACADEMY NEWS**

During the month of April, 5B hosted Mass. To prepare for hosting Mass, our class spent time brainstorming, drafting, editing and writing the intentions for Mass, and practicing our read aloud skills. The students have also been learning about the different types of prayer, and how they can use the different types of prayer in their daily lives.

In reading, our class is studying the genre of mystery. We have learned about different vocabulary words that have to do with mysteries (such as: red herring, witness, evidence). In our literature circles, the students are reading Hoot by Carl Hiaasen, The Mixed-Up Files of Mrs. Basil E. Frankweiler by E.L. Konigsburg, and Chasing Vermeer by Blue Balliet. As a class, we have been solving Two Minute Mysteries written by Donald J. Sobol, and listening to The 39 Clues by Rick Riordan. As we read 39 Clues, the students are keeping track of the different clues so that we can solve the mystery! We are working on making inferences, or educated guesses, during this unit.

The entire fifth grade has just finished a unit on geography. The students learned about the different regions of the United States, and the unique qualities of each one. We are starting a unit, this week, on the events leading up to the American Revolution. The students are anxious to learn about the war, and have been asking about it all year long!

In writing, each fifth grade student is finishing up their autobiographies! Throughout this unit, the students have learned to vary their sentence structure by adding different components (a participial phrase, an appositive and introductory prepositional phrase). They have also been working hard on their editing skills; each student has to self-edit their writing piece and buddy edit a friend's writing piece. They are becoming better writer's everyday!
