OUR LADY'S ACADEMY NEWS

The middle school has been enjoying the good weather and still managing to study hard.

The 8th grade is getting ready for their big end of the year trip to Washington DC, and even starting to focus on their final exams. It's a happy and sad time as they set their sights on high school while thinking back on all of their fond memories here at Our Lady's. Many of them have been here since kindergarten and they've all left their mark on the school in one way or another.

The seventh graders are getting ready to take their position as the new leaders of the school. Soon they'll be getting ready for high school themselves. And the 6th graders are very excited to be leaving shortly on their trip to Maine for Nature's Classroom. They've been fundraising and preparing since September. It's going to be five days and four nights of team building, science, nature, and so much more. When they get back it will be time to get back to work and focus on getting ready for finals. What a great year it has been.
